- Wax emulsions

## Product list

| Water-based wax emulsions   | Drop point<br>°C | Solid content<br>% | Particle size<br>98 % x µm | PDF  |
|---|------------------|--------------------|----------------------------|--|
| DEUREX E 1101 W<br>Water-based wax emulsion based on polyethylene wax                   | 110-120          | 34-36              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
| DEUREX EO 4001 W<br>Water-based wax emulsion based on oxidized PE wax                   | 97-105           | 34-36              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
| DEUREX EO 4501 W<br>Water-based wax emulsion based on oxidized HDPE wax                 | 138              | 34-36              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
| DEUREX F 6001 W<br>Water-based emulsion made of micronized PTFE                         | 320              | 58-60              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
| DEUREX H 8101 W<br>Water-based hybrid wax emulsion, sugar cane wax and polyethylene wax | 80-100           | 34-36              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
| DEUREX P 3601 W<br>Water-based wax emulsion based on polypropylene wax                  | 150-170          | 39-41              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
| DEUREX S 3001 W<br>Water-based emulsion based on Silica                                 | 1600             | 39-41              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
| DEUREX T 1601 W<br>Water-based wax emulsion based on paraffin wax                       | 60-70            | 44-46              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
| DEUREX T 3901 W<br>Water-based wax emulsion based on Fischer-Tropsch wax                | 110-120          | 33-37              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
| DEUREX TO 8201 W<br>Water-based wax emulsion based on oxidized FT wax                   | 111-116          | 33-37              | 1                          | <a href="#">TDS</a><br><a href="#">MDS</a> |
